One year's supply of raw fynbos estate honey of 12 jars, delivered to your doorstep.

Your own personalised nameplate on your newly adopted beehive.

Photos and/or video footage of your hive.

Beehive adoption certificate

Bijenbos

BEE SANCTUARY

ADOPTION DETAILS:

Name & Surname: _____

Email address: _____ Tel nr: _____

Physical address: _____

Postal address: _____

Number of hives I would like to adopt: _____ Your beehive will have our own personalised nameplate. Please indicate what you would like to name your hive(s):

My main reason for adopting a beehive(s): _____

INDICATE HOW YOU WOULD RECEIVE YOUR HONEY:

Honey is harvested seasonally: 3-4 times a year for fynbos and 1-2 times for bluegum honey. With this in mind, your 12 jars of honey will be supplied out of your own hive once the bees have the honey available after a harvest. If you would like your 12 jars upfront, please be aware that this honey will not necessarily be from your own hive, but from the Bijenbos bee sanctuary's existing honey stock supply.

01 Only after a honey harvest from my own hive.

02 Receive my 12 jars of honey jars upfront

TERMS & CONDITIONS:

Please indicate below that you have read and understood the terms and conditions by ticking the box below.

I understand that the hive(s) remains the property of the Bijenbos Bee Sanctuary. The adoption period is only valid for one year, after which a renewed application is not guaranteed but will be considered upon request.

I can only visit my beehive when pre-arranged and accompanied by a Bijenbos beekeeper, within the correct weather conditions, at a suitable time for the bees, at own risk and while wearing the correct protective clothing.

Honey harvested at Bijenbos Bee Sanctuary is raw honey. It has not been heated or filtered, but only gently strained through cheesecloth to stay true to its purest most natural form. I thus understand and accept that raw honey might contain allergens such as pollen and/or tiny particles from the bees and their hives.

I understand that my decision to adopt and sponsor a hive cannot be cancelled within one week after the adoption date and that the hive adoption cost after this week is non-refundable

I UNDERSTAND AND ACCEPT THE ABOVE TERMS AND CONDITIONS

OUR PROMISE TO YOU

All proceeds from your adoption, would go to ensuring the health and growth of the honey bee colonies and population, but also to the conservation and improvement of their natural environment through the management of the eucalyptus forests and/or alien clearing and management of the fynbos veld.
